Summary

Computer Engineering student with hands-on experience in building 3+ full-stack web applications using HTML, CSS, JavaScript and React. Proficient in Git and MongoDB, with a strong foundation in problem-solving and software design. Demonstrated ability to deliver scalable solutions, manage 100+ user data points, and work in Agile environments.

Education

Vidyavardhini's College of Engineering And Technology — Mumbai, Maharashtra
Bachelor of Engineering in Computer Engineering — *2023 – Present*

B.K.S Jr College — Mumbai, Maharashtra
Higher Secondary Certificate (Science) | 85% — *2021 – 2023*

Technical Skills

Languages: Python, C/C++, SQL, JavaScript, HTML/CSS, Java
Frameworks: React
Tools & Platforms: Git/Github, Visual Studio Code, Eclipse
Database: MySQL, MongoDB

Certifications

- Programming Fundamentals using Python — Infosys Springboard, Apr 2025
- Java Programming Fundamentals — Infosys Springboard, Oct 2024

Projects

Opinion Trade | Live Demo | *HTML, CSS, JavaScript, Node.js, Handlebars, MongoDB* — Aug 2024 – Oct 2024
- Built a poll-based opinion platform for 1000+ users featuring a reward and referral system, deployed on Render.
- Enabled insight-driven decision-making for businesses by analyzing 100+ user responses monthly.
- Copyright-registered project demonstrating innovation in user engagement.

GovGenie | *React(Vite), Node.js, MongoDB, OpenCV, Socket.io, Zegocloud API, Nodemailer* — Mar 2025 – May 2025
- Created a platform to connect 200+ users with verified government agents.
- Integrated robust security with document verification, reducing fraud risk by 90%.
- Simplified document access, reducing agent search time by ~40% with filters and pricing.

Experience

Web Development Intern — Jan 2025 – Feb 2025
TECH OCTANET SERVICES PVT LTD. — *Mumbai, Maharashtra*
- Built a fully responsive landing page from scratch using HTML, CSS, and JavaScript, optimized for 5+ device types.
- Optimized layout and styling to reduce page load time by 30%, enhancing performance and user experience.
- Leveraged Git to manage 20+ code commits, ensuring clean version control and delivering modular, maintainable code.

Achievements

- Secured 1st place in VCET National Level Project Showcase.
- Runner-up in OSCILLATION – Technical Paper Presentation.
- Copyright registered for "Opinion Trade" platform under IP India.
